

## Joint call of the German Centres for Health Research (DZG) in Dresden for DZG-overarching project proposals

Dear DZG researchers in Dresden,

To promote new translational activities between the DZGs in Dresden, funds will again be awarded for DZG-overarching joint project proposals. Support will be given for consumables as start-up financing of the joint projects for the year 2022-2023, funding will start at July, 1<sup>st</sup>, 2022.

You can apply for funding under the following conditions:

1. You are a young scientist (young postdoc, junior group leader, clinician scientist or PhD-student) and directly connected to the DZG community in Dresden (i.e. you are a member of DKTK, DZD or DZNE).
2. Your project is embedded in the field of translational research or is relevant for clinical research.
3. Within the proposed project, you are directly collaborating with at least one additional investigator from a different DZG in Dresden.
4. The requested budget for consumables is within the limit of 10,000 €.
5. Your project can be implemented within 1 year, beginning from July 2022.
6. For publications, resulting from the project, a (co-)affiliation of the respective DZGs is mandatory.

Please submit your application by using the attached application form until 31.5.2022 to: Klaus Fabel (Klaus.Fabel@dzne.de)

A committee of experts consisting of one representative from each local DZG will evaluate the applications according to uniform criteria. The selected projects will be announced at the end of June.

With best regards

Prof. Dr. Dr. Michele Solimena  
Professor of Molecular Diabetology  
Speaker DZD - Paul Langerhans Institute  
Dresden

Prof. Dr. Gerd Kempermann  
Professor of Genomics of Regeneration  
Site Speaker German Center for  
Neurodegenerative Diseases (DZNE)  
Dresden
