

WORKSHOP

FRIDAY, 8TH MAY 2015, WILLERS-BAU, C 207

PROGRAM

- 13:00 **Presentations** (Postdocs/Postgraduates, 35 min. each + 10 min. discussion)
- | | |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------|
| Dr. Björn Böttcher
TU Dresden, Faculty of Science, Dept. of
Mathematics, Institute of Mathematical
Stochastics (Group Prof. Dr. René Schilling) | Approximation of continuous time
(Markov) Processes |
|----------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------|
- 13:45 **Coffee Break**
- 14:15 **Presentations** *contin.*
- | | |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
| Ing. Claudio Santarelli
TU Dresden, Faculty of Mechanical Science and
Engineering, Institute of Fluid Mechanics
(Group Prof. Dr.-Ing. Jochen Fröhlich) | Using direct numerical simulations for
the modelling of turbulent bubbly flows |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|
- ca. 15:00 **End**

Everyone is welcome to attend!
